Subject: Nominations for the LogicaCMG TripleStar Award 2005

Dear Mr O'Hara,

At this years EuroSTAR conference, LogicaCMG (platinum sponsor for the last five years) will introduce a new award: The TripleStar Award. This award will be presented to the speaker who in our opinion has the most original contribution to this conference, i.e. the most innovative, reusable and pragmatic contribution.

We are very glad to inform you that you have been select as one of the five nominees for the LogicaCMG TripleStar Award 2005.

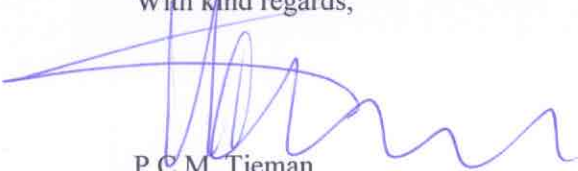

A team of experienced software testing professionals from LogicaCMG has evaluated all contributions to the conference (tutorials, special sessions and keynotes are excluded, as well as presentations of LogicaCMG personnel). After careful consideration this team has selected the five presentations that at best combine innovation, reusability and pragmatism.

Your name will also be announced as a nominee by the EuroSTAR organization. At the conference the nominees will be evaluated by the EuroSTAR delegates. During your session a detailed evaluation form will be distributed to the audience. The response of the audiences will determine which of the nominees is to be awarded the TripleStar Award for 2005.

The award will be presented to the winner at the EuroSTAR 2005 Gala dinner in Tivoli on Thursday night, December 1st. We politely ask you to attend this event.

If for any reason you wish not to be nominated for this award please let us know as soon as possible.

With kind regards,

P.C.M. Tieman
Director
